Failure only makes success sweeter.

The religion of the average man is spasmodic.

It is better to have a poor opinion than to have none at all.

Flattery has been known to make a brunette light-headed.

Where there's a will there's a lot of disappointed relatives?

The child that usually has its own way usually ends in a bad way.

The first ingredient in the making of a clean city is the clean home.

Your cue to laugh comes when a rich relative gets off a stale joke.

Some men are too good to be clever and some are too clever to be good.

A lazy man makes a strenuous effort to see how little he can accomplish.

However, the disgrace of poverty is over-shadowed by the discomfort.

Art for art's sake would be all right if food wasn't necessary for the stomach's sake.

It is much easier for a bad man to live down his reputation than it is for a good man to live up to his.

There is but one thing to do to break a boy of wanting to "piece" between meals. Put the meals closer together.

When a man tells a girl she is pretty she tries to make him believe she didn't know it until he told her.

Michigan boasts a dress-maker 101 years old. An exemplification of the survival of the fittest, we suppose.

A cheerful face wins friends, position, love, happiness, fame, power and a photograph that looks pleasant.

The average man wouldn't be afraid to go up in these new fangled air ships, but the coming down is different.

It doesn't pay to take yourself so seriously that you are always miserably disappointed in your progress.

Eld. G. M. Walker of Fayette is holding a protracted meeting at the Christian church in Forest Green.

Revs. Wm. Young of Prairie Hill and Sill of Darlington, Mo., two Baptist divines, began a protracted meeting at Bynumville last Sunday.

Ownby Bros. sold their lumber yard at Salisbury the first of last week to E. J. Hayes of Fayette and J. H. Jacob of Salisbury for \$16,000.

W. J. Smith, a live stock commissioner merchant of Chicago, is leasing lands around Triplett, his intention being to prospect for oil of which an expert claims there are strong indications in that vicinity.

A contractor, whose name is Bowman, was killed at Hart last Saturday by passenger train No. 7. It seems that he was at work on the track and had a string of cars moved onto siding. He heard No. 7 coming, and looked around the end of one of his cars to see if the passenger would clear them. The engine struck the top of his head, crushing it and killing him instantly. He had relatives living near Marceline.

Marceline is all puffed up because gold—the real stuff—is in circulation there in large quantities. The Santa Fe company paid off its employees in gold last pay day and that's the reason of the surplus yellow metal.

Mrs. Eliza Vaughn, formerly of Carrollton but now of Muskogee, Okla., died Wednesday evening. Her remains will be brought to Lexington for interment. Deceased was about 80-years old.

L. E. Rector and wife and baby of east of Moberly were thrown out of a buggy last Monday and Mrs. Rector was rendered unconscious for a considerable length of time. The baby was badly bruised about its head, but Mr. Rector escaped injured.

Ed Dunn, aged 50 years, 10 months and 7 days, died of typhoid fever and cancer of the stomach at his home, six miles east of Moberly, last Sunday morning. Deceased was an honorable man and leaves a wife and two sons to mourn his death.

Judge James A. Bright, aged 72 years, 10 months and 7 days, died of cancer at his home in Huntsville Wednesday. Last spring he went to St. Louis where he was operated on for a cancerous growth on the top of his head, but later the disease appeared on his neck, growing to enormous size before he died.

Ernest L. Garzee, a former citizen of Chillicothe, was found dead in Kansas City the first of last week, and as he was known to have had \$80 in gold on his person, which he did not have when his pockets were searched after he was taken to the morgue, it is believed that he was slugged and then robbed.

While J. G. Wilson of near Norborne was driving five carloads of fat cattle to Norborne three of them "got gay" and ran into the old Moss Creek bed and mired in quick sand, their heads and backs only being above the sand. A strong team of mules and a rope at last pulled them out, and they very gladly went on to market.

A fire, supposed to have caught from a wooden cuspidore, burned a hole about a foot square in the office of the Blackburn Record Friday evening, but the blaze was discovered and extinguished. The greatest damage was done by water to Pelot's grocery stock in the storeroom beneath the Record office. The Record editor's spit must surely be "the hot stuff" when it sets a spittoon on fire.

Because of their unsanitary habits and their boisterous and profane language, a gang of about 25 Greeks, that had been working on the tracks of the Burlington railway, were made to move outside the city limits of Chillicothe where they were living in box cars. We can understand how their unsanitary condition was discovered, but can't figure out who knew they were swearing unless J. L. Newland of the Chillicothe Constitution is familiar with the Greek language.

## A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick-headaches, they cannot be excelled. Ask your doctor about this.

Made by the J. C. Ayer Co., Lowell, Mass.

# ATTERBURY & LIGHT, MENDON, MISSOURI

Bert Ralph, who recently returned from a hunting and fishing trip to Michigan, killed three deer, not including several "deers" he captured but did not kill.

Rev. R. L. Stratton has been called and has accepted the call to the pastorate of the Baptist church at Rothville. He is a brother of Dr. C. D. Stratton of that place and W. A. Stratton of Brunswick.

Harry Strickland has purchased the interest of his partner, Lee Morris, in the Strickland & Morris restaurant at Rothville. Mr. Morris has been employed to assist John Pendell in the latter's telephone and electric light business.

C. W. Steiman, a prosperous farmer of near Dalton, purchased of Wm. F. Floyd one day last week 202 acres of the land located on the bar across Grand river from Brunswick, and which is part of the big tract of bar land formerly owned by Sam Balch.

We notice in the Bee that Harry Strickland of Rothville left Tuesday night for Salt Lake City, Utah, in answer to a message announcing the sickness of his brother, Newt, who has pneumonia. Harry expects to bring his brother home as soon as he is able to leave the hospital.

Elisha M. McQueen, father of J. C. McQueen of near Mendon and B. F. McQueen of near Rothville, died at the home of his daughter, Mrs. Julia Tolly of Stella, Kas., Friday, November 15, 1907, in the 85th year of his ages. Deceased was a native of Ohio, but made his home in this county, near Mendon, from 1882 to 1906. He leaves two sons and two daughters to mourn his death, his wife having died August 14, 1896.

Lee J. Davis, an old Brunswick boy, now located at Reno, Nev., climbs upon his ear and spins around like a whirligig in a strong wind because the COURIER stated in its issue of November 15 that the Republican governments of Oklahoma and Nevada had proclaimed a holiday for a week to prevent the banks from being obliged to pay out money to their depositors, or be closed up. Mr. Davis emits fire and brimstone when he tells us that Nevada is not under a Republican government; that the "holiday" was declared by Gov. John Sparks, an old Texas rebel Democrat. The more's the pity, Mr. Davis. For a Republican to do such a thing is bad enough, but when a Democrat does it he is all the less excusable. People who have money deposited in bank have a perfect right to draw it out whenever

they want it, provided it is not on time deposit. We are not only surprised but also grieved that a "Texas rebel Democrat" or any other kind of a Democrat would issue a proclamation for such a "holiday."

A 17-year-old Salisbury girl, who can see, claims that she never saw anyone dance or married. And yet we know that there are many Salisbury married men who dance quite lively when their wives furnish the proper kind of "chin" music.

Mr. and Mrs. Isaac Huddle of Marceline will celebrate their 50 marriage anniversary December 5. Both Mr. and Mrs. Huddle were born in England but were married at Skenedteles, N. Y. A large number of invitations have been sent out and a pleasant time is expected.

## Easy Confinement

If you have cause to fear the pains of childbirth, remember that they are due to weakness, or disease, of the womanly organs, and that healthy women do not suffer, like weak ones.

The specific, medicinal, vegetable ingredients, of which that famous, female medicine and womanly tonic

## WINE OF CARDUI

### WOMAN'S RELIEF

is composed, will build up the womanly organs to a healthy state and thus prevent needless suffering.

"Before my confinement," writes Mrs. Rose Schubart, of Monument, Colo., "I had such bearing-down pains I didn't know what to do. Cardui quickly relieved me. Some months later I had a fine 12-lb. baby, was sick only thirty minutes, and did not even have a doctor."
